

**Special Training for Scheduled Caste Unemployed Graduates on Establishing  
Agri-Based Industries**

For unemployed graduate youth who aspire to become agricultural entrepreneurs, a two-day Entrepreneurial Development Programme is being organized by the ICAR-Indian Institute of Oilseeds Research (IIOR), Rajendranagar, Hyderabad, on June 30 and July 1. This training programme will provide detailed insights into establishing units for microbial biopesticides, biopolymer technology, oil processing, soil testing laboratories, and seed production, while promoting organic and natural farming practices. Additionally, there will be awareness sessions on capital investment loans, subsidy schemes, and other financial support options, with resource persons including NABARD officials, AG Hub CEO Mr. Vijay, and experts from various sectors. Interested Scheduled Caste unemployed youth who have completed at least intermediate or graduation and who are below 35 years of age can participate in this training. Free food and accommodation will be provided during the training. To register, please contact: Dr. A. Chowdappa - 8247371710 (Senior Research Fellow) and P. Ashwani - 9398319106 (Young Professional).
